**PRESS RELEASE**

### **Paczkowski to Retire From KHCH**

At the March KHCH (Kosciusko Home Care and Hospice) Board meeting, Rick Paczkowski announced his intention to retire as Executive Director at the end of 2017. Paczkowski stated: "It truly has been an honor to lead this extraordinary organization these past fourteen years. The employees' overwhelming passion for the care of their patients inspired me daily to work to ensure the long-term existence of this valuable agency".

A Board spokesperson acknowledged the significant contributions Paczkowski has made to KHCH in meeting the daily challenges of providing home and end-of-life care to the patients we serve in Kosciusko County. We are fortunate that Rick has agreed to remain as an advisor for a period of time before his retirement at year end to insure an orderly transition of leadership.

The Board announced the formation of a search committee to identify candidates for the Executive Director position. Interested candidates may e-mail their CV together with a cover letter detailing their experience in accounting and management to : [gb3@lakecitygroup.com](mailto:gb3@lakecitygroup.com).
